DETAILED ACTION

Response to Amendment

This Notice of Allowance is responsive to the Amendment filed July 28, 2009. Claims 1-6 and 9-19 are amended. Claims 1, 18, and 20 are independent. Claims 1-22 remain pending.

Reasons for Allowance

Claims 1-22 are allowed.

The following is an examiner's statement of reasons for allowance:

The independent claims of the instant application recite a method, program, and digital computer directed to removing from view a single face of a three-dimensional display object so as to allow selection of obscured portions of the three-dimensional object. The closest prior art found, Maudlin (US 2004/0075697), discloses modifying the visibility characteristic of a plurality of faces of a three-dimensional display object with a single input from the user, but does not disclose the novel aspect of selecting only a single face of the three-dimensional object to be removed from view and then selecting a previously obscured display object. None of the prior art found allow a user to remove only a single face of a three-dimensional object from view so as to allow selection of an obscured display object.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
